## *Helping you, help families*

As one of Australia's leading casket and coffin manufacturers, ACC Higgins offers an extensive range of high quality caskets and coffins to Funeral Directors across Australia. Our company philosophy is to continuously set new standards for quality, service and reliability in the Australian Funeral Industry.

What sets ACC Higgins apart is our promise to be more than just a supplier to our customers, but rather be a partner to the Funeral Industry. We achieve this by working with our customers to understand their businesses and meet their needs.

ACC Higgins improves customer and family outcomes with tailored merchandising support, superior product value and outstanding customer responsiveness. Our goal is to help make the funeral experience better by offering choice, quality and value of our products and services.

# The ACC Higgins Difference

## Quality Every Time

With best-in-class facilities across Australia, you can rely on ACC Higgins for delivery of quality products, customised merchandising and staff training to support your business.

## Real Partnerships

We work with you to deliver a range of products and services that helps you, help families.

## Innovative Solutions

We are continuously innovating to help you adapt to the demands and changes of the funeral industry.

## ACC Higgins Facilities

Our best-in-class facilities staffed by a team of skilled craftspeople allow us to produce caskets and coffins to the highest standards.

## Superior Australian Quality

Product quality is at the core of our manufacturing operations. Our 6 point check ensures every casket and coffin we make measures up to our exacting standards.

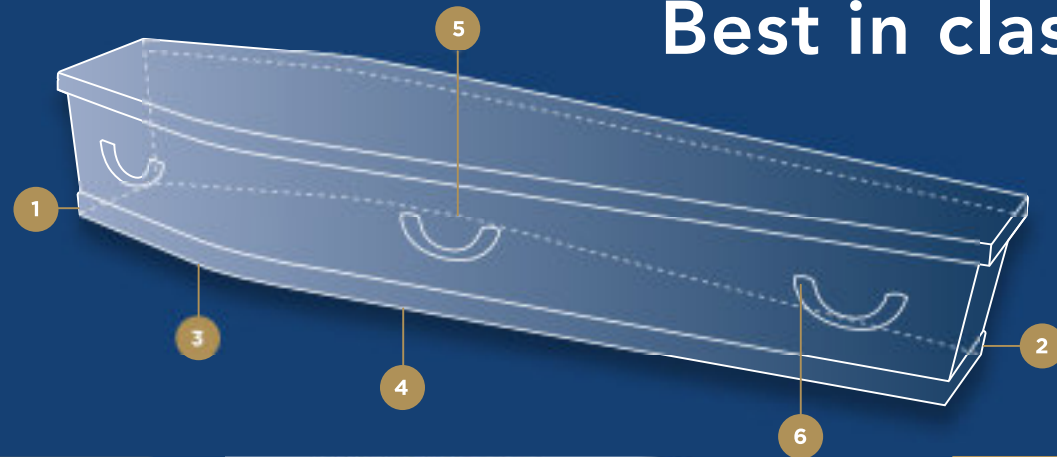

## Responsiveness

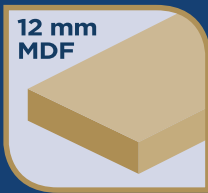

Having local operations means we can respond when our customers need it most.

# Best in class structural integrity

## 6 POINT PROTECTION PLAN

**1 Thicker bases on coffins**  
12 mm MDF base on composite board coffins for greater peace of mind

**4 Staples**  
Coffin bases are reinforced with staples for greater protection

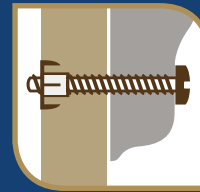

**2 Water based glue**  
Coffin base and sides are secured using water based glue to ensure strength

**5 Strategically placed timber blocks**  
Coffins are reinforced with at least 6 strategically placed slanted or rectangular timber blocks to ensure rigidity

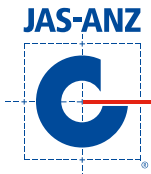

**3 8 screws per coffin**  
Bases are secured with 8 screws per coffin for strength and added product integrity

**6 Handles are bolted**  
Handles are secured with bolts and T nuts. The T nuts are barbed to eliminate any rotation and to ensure a sturdy fix

ACC Higgins is committed to making best in class Medium Density Fibreboard (MDF) coffins that you can rely on. Nationally all our composite board coffins are manufactured to our 6 Point Protection Plan for enhanced structural integrity and greater peace of mind.

ACC Higgins are ISO 9001 certified

The background of the slide is a solid blue color. On the left side, there is a dark silhouette of a tree with many leaves. Overlaid on the blue background are several large, light-blue geometric shapes, including a large triangle and a circle, which create a modern, abstract design.

# Solid Timber **COFFINS**

# Diamond Merchandising System

The Diamond Merchandising System™ is an innovative approach to the design and presentation of your casket and coffin range.

It combines proprietary technology, business analysis tools and staff training so arrangers can present products to families using your own customised Diamond presenter.

## The DMS provides :

- A consistent and transparent approach for arrangers when presenting the casket or coffin range to families
- Clarity for families when selecting a casket or coffin that best suits their needs
- Representing the funeral home with the same message.

### Product Selection

Analyse products and design the right range for your market.

### Assisting Arrangers

Prepare arrangers to better guide families through the selection process.

### Custom Presentations

Present products to families in a transparent way using your customised Diamond Presenter website.

### Product Range Consultation

We'll look after you with product range consultation to ensure you have the right selection of products, up to date training, product knowledge and a customised merchandising plan for your local market.

### Support and Training

Our first class product and merchandising training can make all the difference. Our training programs are designed to enable your staff to best present your product range in a clear, confident and knowledgeable way.

### Sales Aids and Merchandising

Sales aids are an essential component of a tailored merchandising program. We'll enhance your product knowledge and merchandising techniques.
